

LedgerLeopard

Who am I

- Jeroen van Megchelen
- 37 years old
- Behind computer from age 12
- CEO of Ledger Leopard company / CTO Tagologic
- Can't sleep from blockchain
- 4 years experience
- Team of 100 Blockchain dedicated blockchain developers

Blockchain

- We started with centralized applications
- The internet connected these
- Blockchain is the next logical step
- Last stage is to control your own data

Blockchain

- Irrefutable
- In control of your own data
- The same data source
- Automated generation of process and money

Practical implementations in healthcare

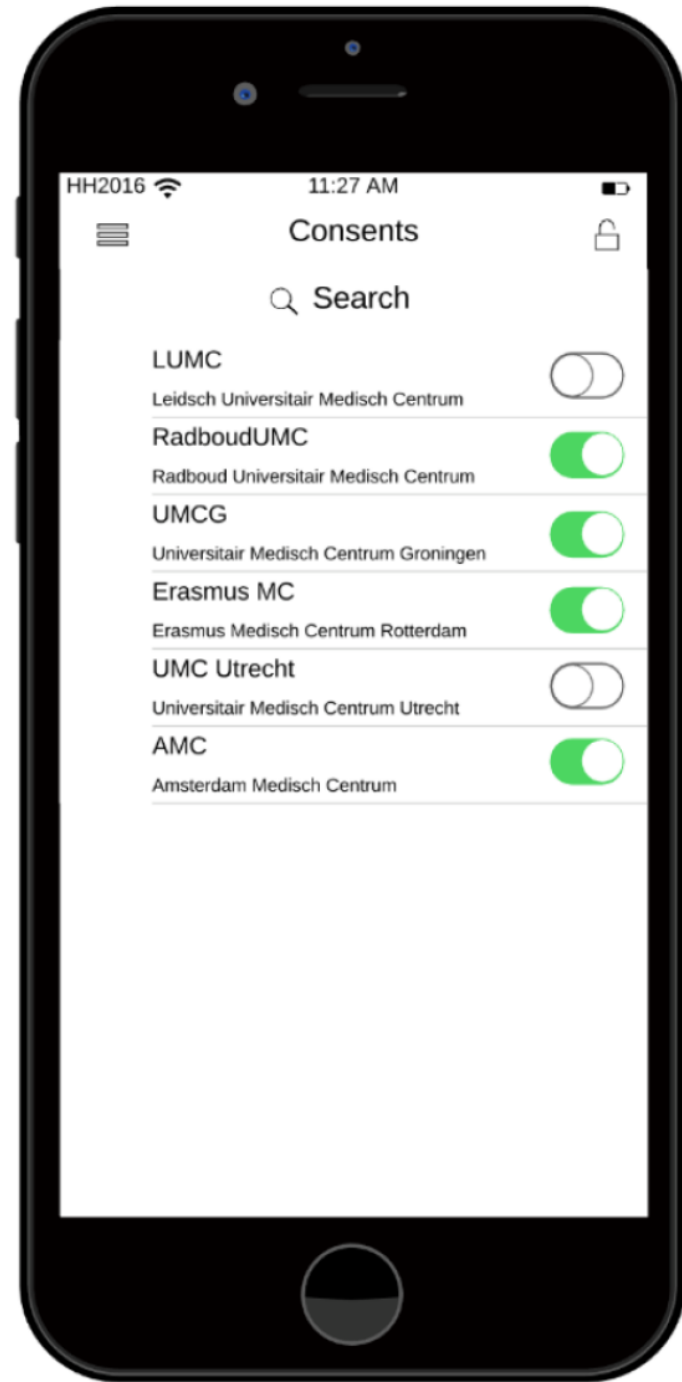

- Consentus RadboudUMC
- Mijn Zorg Log
- Radboud

Practical implementations

RadboudUMC

Give your consent using the blockchain.

Which hospitals can share my data

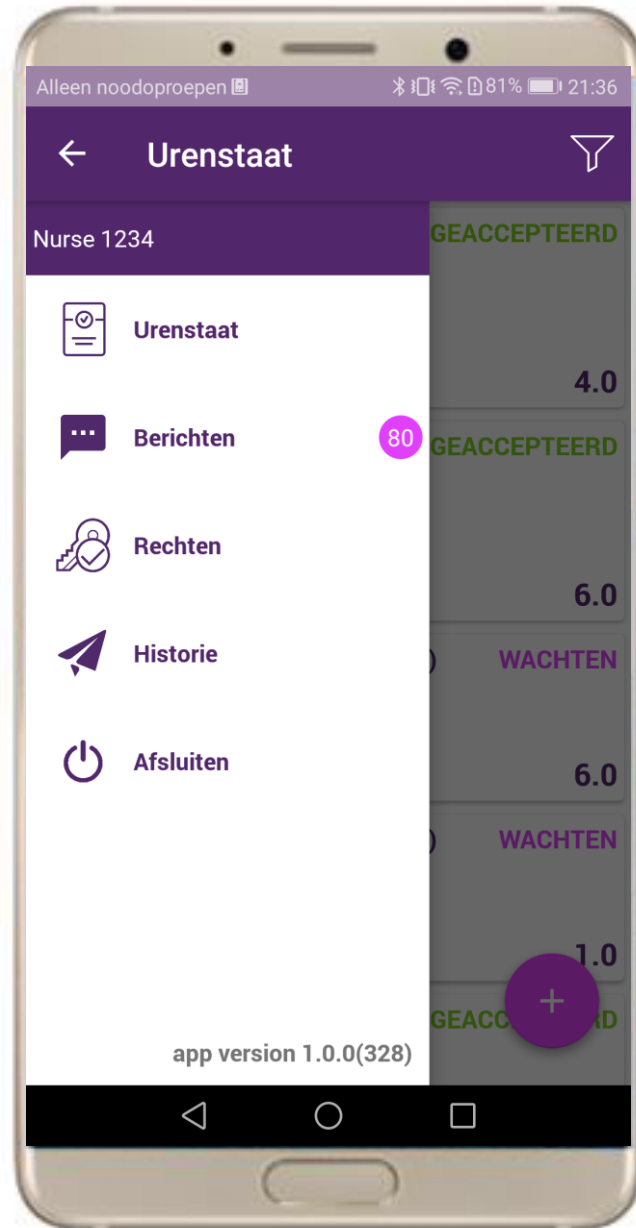

Practical implementations

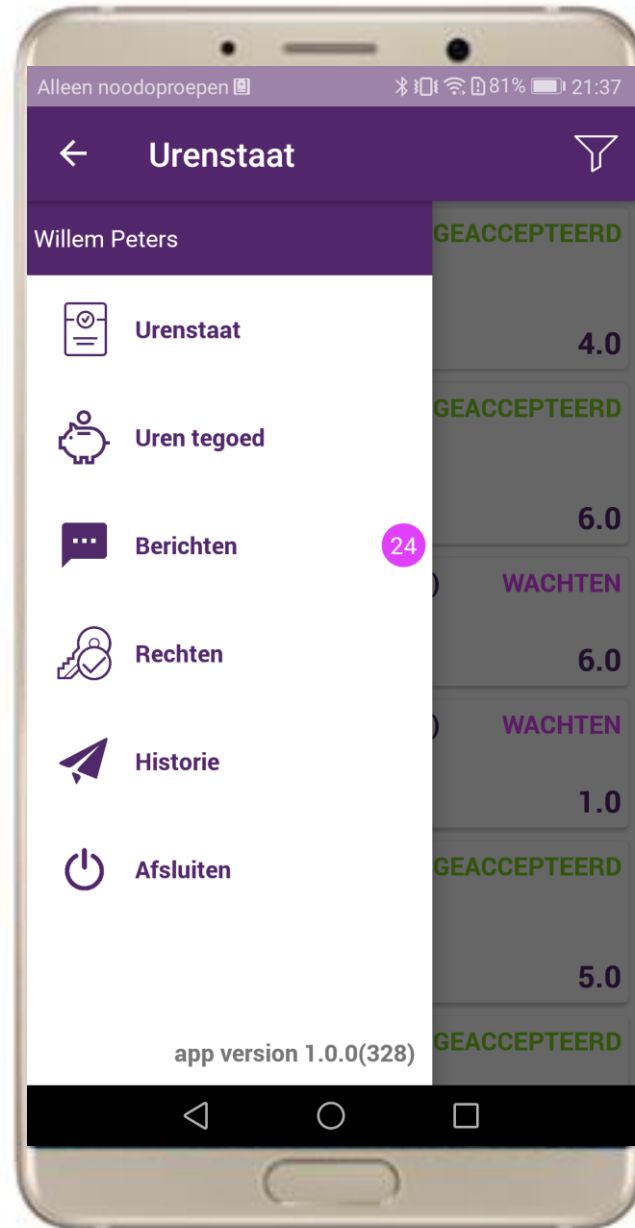

Mijn Zorg Log

Optimize the maturity care supply chain

Nurse

Client

LedgerLeopard

Why not central

- Trust
- Cryptos
- Robust

Practical implementations

Microbiome center

Supply chain optimization between:

- Client
- Doctor
- Laboratory
- Pharmacy

Microbiome Center network
